### King Backs Charles Sohner For 46th Assembly District

Cecil R. King, who has served for the past 18 years as Congressman from California's 17th District has endorsed Charles P. Sohner for election to the State Assembly from the 46th District.

"To the voters of southern Los Angeles County," stated King, "Chuck Sohner offers three outstanding qualities that will guarantee far above average performance in behalf of his constituents. First, he has a driving energy, thanks both to his natural temperament and the fact that he is youthful.

"Second, he possesses an exceptional educational background for public service, not only as a student of political science, but also as a teacher-lecturer at the University of Southern California and El Camino College for the past eight years. In addition to academic knowledge, he has a remarkable grasp of the many complex state-wide problems in such fields as traffic control, job opportunity and security, water provision and educational administration and standards.

"Third, he has the readiness to accept responsibility and the personality to inspire cooperation, without which no one can be an effective public servant, whether it be the local, state or national level.

"In a year when issues were never more serious, or decisions more far-reaching, I am happy indeed to endorse Charles P. Sohner for election to the State Assembly."
